**Re: Motorcycle Access  
Hugh L. Carey Tunnel ("HLC")**

Dear Mr. Ferrara:

Thank you for your attention in this matter. As per my phone conversation yesterday with Joyce Mulvaney from your department, who called me at your direction, we understand that TBTA police have been directed to cease diverting motorcycles and scooters from using the Manhattan-bound, two-way tube during the AM rush hours. This letter is to confirm we correctly understand that MTA Bridges and Tunnels' current position is that motorcycles do not pose a special hazard, and should be allowed to travel without restriction in the two-way tube.

If our understanding is not correct, please reply with a correction. If we do not receive any reply we will regard this matter as settled as we have described above.

Yours truly,

Daniel F. Sciannameo, MAI  
President
